About Oakwood House.	
<p>There are people who work at Oakwood House who I can talk to</p>	

Oakwood House is a building where people get married and sometimes it can be very busy. If I get overwhelmed I can speak to staff.

What will happen when I go to the wedding.

When I get to Oakwood House there will be staff helping people know where to go. I can go in the front door where there is a reception desk to find someone.

I will talk to a member of staff who knows where the wedding is and they will tell me where to go.

I might have to wait in the waiting room before the ceremony starts. If it gets too busy I can go outside.

When they are ready to start the ceremony I will be asked a member of staff to go into the ceremony room with all the other guests.

The ceremony will begin soon.

There will be someone from the ceremonies staff at the front leading the ceremony. The couple will have to say vows to each other and might exchange rings.

The ceremony should take no more than 30 minutes.

If I need to leave, I can quietly leave the ceremony room and wait outside or in the waiting room.

If it is a nice day, at the end of the ceremony we will all go out into the garden.

I can leave whenever I am ready to.
